Perforate and Score more quickly and easily than ever before.....

The free standing design of the FinishMaster 150 makes it both portable and easy to use. The feeder design and register board ensures consistent and true feeding throughout the job, whilst the delivery conveyor allows continuous production to be maintained at speeds in excess of 20,000 A4 sheets per hour.

The accessory holders, each individually adjustable, allow easy blade changes to minimize set-up time and effort. The anvil-style perforating provides a flat, burr-free finish capable of being fed through any subsequent finishing equipment with ease. And with a maximum production rate of 10,000 sheets per hour, the "100" makes short work of your perf/score/slit needs.

- Variable speed, up to 20,000 standard-size sheets per hour
- Free standing model with wheels
- Perforating options:
2,4,6,8,12,16 TPI
- Microperf options: 42 & 72 TPI
- Scoring options: wide (standard), narrow or double
- Optional slitting blade available
- Ability to control depth of each perf/score/slit independently
- Blade changes in seconds
- Automatic friction feed with register board for improved accuracy
- Delivery conveyor
- 2 accessory holders as standard, each with 12 TPI perf blade and score blade

Speed:	20,000, A4 sheets per hour
Electrical:	230V/50Hz/5A
Dimensions:	L 68"(1.73m) W 27"(0.69m) H 46" (1.17m)
Weight:	291 lbs. (132kg)
Maximum Stock Size:	18" x 18" (45cm x 45cm)
Minimum Stock Size:	3"W x 5"L (7.6cm x 12.7cm)
Stock Weight:	12# - 12 point (45 - 250 gsm)
Perforating Blades:	2,4,6,8,12,16 TPI
Microperf Blades:	42 or 72 TPI
Scoring Blade:	Wide (standard), narrow or double
Slitting Blade:	Optional
Conveyor Delivery:	Standard
Stand:	Standard
