First Cut

The Zip-3 Business Card Cutter is a simple to operate machine designed to cut ten business cards. There are two cut sizes available; The Zip3-85 cuts 55 x 85mm, and the Zip3-90 cuts 50 x 90mm, both work from an A4 sheet.

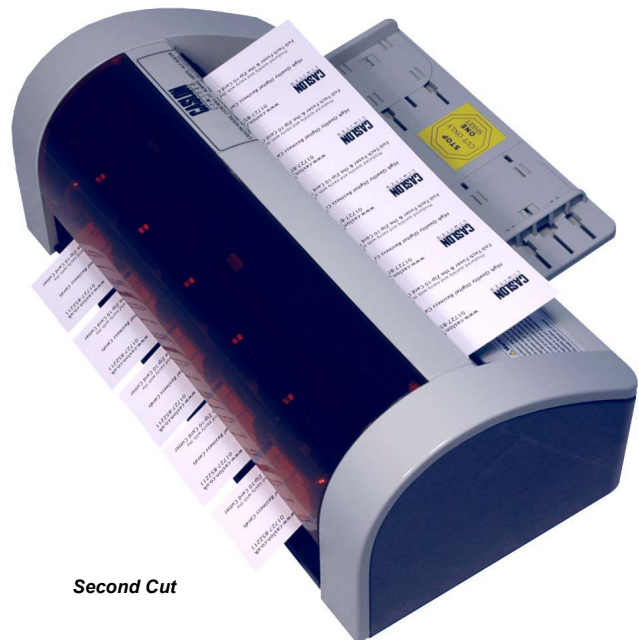

The machine has two fixed independent cutting sections. Once the card design is complete and printed, a single A4 sheet is placed on the lower tray and fed through the first cutting section automatically

The blades remove a 3mm vertical gutter down the middle and remove the edges to leave two strips of five cards. Each strip measures 85 x 90 x 297mm.

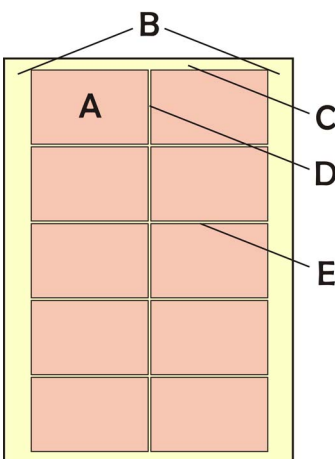

These strips are then turned through 90 degrees and a single strip is placed on the upper tray, aligned to the guides and passed through the upper cutting section.

The second cut trims the top and the bottom whilst removing a 3mm gutter from between each card. The result is five perfectly cut cards.

When combined with a laser or ink jet printer, the Zip-3 allows short run business cards, ID Cards and tickets to be produced with ease.

Second Cut

Print Template Layout
 Sheet Size - A4 (297x210mm)
 Maximum Thickness - 280gsm

Card Size (A) = 85 x 55 mm
 Side Margin (B) = 18.5 mm
 Top Margin (C) = 5 mm
 Vertical Gutter (D) = 3 mm
 Horizontal Gutter (E) = 3 mm

Card Size (A) = 90 x 50 mm
 Side Margin (B) = 13.5 mm
 Top Margin (C) = 17.5 mm
 Vertical Gutter (D) = 3 mm
 Horizontal Gutter (E) = 3 mm

Specifications

Machine Size Closed:	430 x 220 x 170 (h) mm	Max Card Thickness:	280 gsm
Machine Size Open:	430 x 295 x 170 (h) mm	Business Card Size:	85 x 55mm or 90 x 50mm
Machine Weight:	8.1 kgs	Cutting Speed:	30 Cards per minutes
Machine Size Packed:	500 x 280 x 230 (h) mm	Cutter Durability:	500,000 cards
Machine weight Packed:	9.1 kgs	Optional Extras:	N/A
Stock Size:	A4	Electrics:	220 Volts AC
